

Hunting for 2s

www.greenhouselearning.weebly.com

Dear Parents,

Today we will be learning about the number 2. Children will need a safe place to find objects that come in 2s and they will need a piece of paper and something to write with, like a crayon or a pencil. You may wish to do this with them, so my script is below to help you. If you'd like to take a photograph of the 2s your child finds, then please send it to the address on the contacts page.

Love, Greenhouse Learning x

One of my favourite stories is the story of Noah's Ark. Have you heard that story? It goes like this:

One day, God decided that he would flood the world. He asked a very kind man called Noah to build a big wooden boat called an ark. And Noah did. On that ark, he invited two of every animal. There were two cats, two dogs, two chickens, two penguins, two lions, two rabbits, two ants, two elephants. Two of every animal. And when the flood came down the boat and all the pairs of animals that were on it, stayed safe. All the 2s were happy and well.

I love the number two. I love how curly it is. I love how it looks a bit like a duck floating happily on a lake. Can you draw a number 2 with your finger like this?

2

Have a go now. Can you draw a number 2 on a piece of paper like this? Have a go now.

I have two eyes. I have two arms. I have two hands. I have two pet rabbits. And two doors that go outside my house (one at the front and one at the back). Lots of things come in twos, don't they? How many things can you find that come in twos? Ask a grown up to take a photo of some 2s. Enjoy your 2 hunt!

Coffee?

We believe that quality education is a human right and should be free for all, no matter who you are or where you come from.

If you do feel that you would like to say thank you by buying us a 'coffee' then that would still be very much appreciated.

We will use any coffee money raised to improve the reach of our services to ensure that all children receive the creative education they deserve. We may also treat ourselves to a flat white!
